

## | 15~18 May 2013 | Kunshan Convention & Exhibition Center, Suzhou Kunshan China |

To encourage Singapore manufacturers to expand their business in China, Singapore Manufacturing Federation (SMF), is taking the lead by way of coordinating a Singapore Pavilion at the 2nd China International Import Expo (CIE2013, 中国国际进口产品博览会) to be held in Kunshan Convention & Exhibition Centre, Suzhou Kunshan, from 15 ~ 18 May 2013, supported by Singapore-China Business Association (SCBA).

### About the Event

CIE2013 will be organized by China Chamber of International Commerce and Jiangsu Provincial Government. As the 1st national-level professional import expo, it is designed to help overseas enterprises exhibit their products and technologies, and expand their Chinese market.

The CIE2012 attracted a total of 677 enterprises from 46 countries, covered a total area of 50,000 sqm. Many leading enterprises among the world's top 500 attended CIE2012, including BASF and Siemens of Germany, Haas of USA, Toyota and Mitsubishi of Japan and Samsung of Korea. The exhibition attracted 56,545 trade visitors in total.

The CIE 2013 will emphatically exhibit foreign products and technologies in:

- 1. Machine Tool & Industrial Automation:** metal-cutting machine tools, metal forming machine tools, machining centers, nontraditional machining tools, numerical control systems, machine tool components and parts and auxiliaries, grinding materials and grinding tools, cutters, fixtures and tools and related products, test and measuring equipment, etc.
- 2. Environmental Protection, New Materials and New Energy:** Waste processing, recycling and water treatment technologies/equipment, energy saving technologies/equipment; Solar/wind power, hydroenergy, biomass energy, and other renewable energy sources; Special metallic functional materials, high-end structural metallic materials, biological material, smart material, etc.
- 3. Electronic & IT products:** a) Components such as semiconductor, sensor, relay, switch and network connecting product, instrument and accessories, passive component, engine/motor, cable, system integration and subsystem, ED/EDA and detection technology, display and power supply; b) Production technologies such as component manufacturing equipment, production equipment of PCB or other

circuit assembly and related products, cable production technology, welding technology, assembling and module production equipment; c) Consumer goods such as digital appliance, office automation system and equipment, communication apparatus and product, business application, etc.

- 4. Brand Consumer Goods:** home appliances (kitchen appliance, air-conditioner and ventilation equipment, washing and drying equipment, and other small home appliances); cosmetics; household articles; health care and rehabilitation devices and tools; branded food; wines and liquors; other beverages such as coffee, juice, and drinking water, etc..
